

VISION 2050

Renewal of Council's Strategic Plan (2019-2028)

WELCOME

An aerial photograph of a city, likely Edmonton, showing a mix of green spaces, trees, and urban buildings. A semi-transparent blue rectangle is overlaid on the top half of the image, serving as a background for the text.

REFINE draft vision for Edmonton in
2050

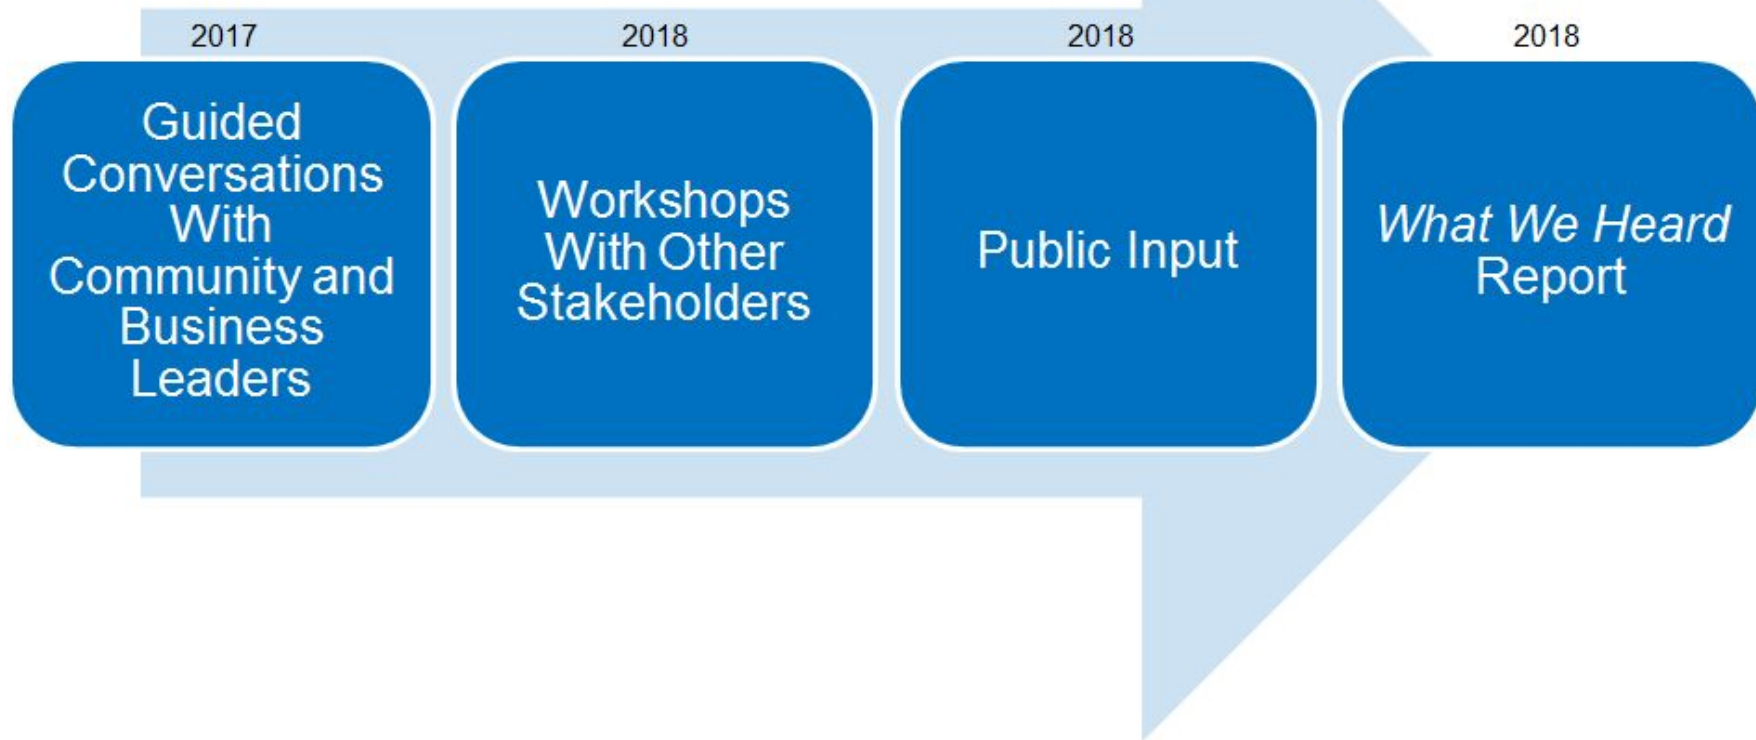

ADVISE on the Council's strategic plan
for 2019-2028 by providing input into
the draft principles and goals

SHARE YOUR VOICE, SHAPE OUR CITY

Council recognizes every citizen
has a unique perspective.

To create the best vision for the
future of our City, we need to
hear as many voices as possible.

TIMELINE

COUNCIL'S VISION

Edmonton

- Youngest, fastest growing
- Large Indigenous population
- Committed to truth and reconciliation
- Immigration
- Economic shifts
- Changes in technology
- Climate change

EDMONTON IS CHANGING

STRATEGIC GOALS

HEALTHY CITY

Edmonton is a city that thrives, where every member of our community has equitable opportunity to be healthy and fulfilled.

REGIONAL AND ECONOMIC RESILIENCE

The Edmonton Metro Area has a robust, diversified economic system founded on ingenuity, regional collaboration and shared economic prosperity.

URBAN SHIFT

Edmonton is a city with infrastructure design, smart land use, transportation options and public spaces that enable the population to live safe and healthy lives.

ENERGY AND CLIMATE

Edmonton is a low-carbon city with smart energy options and innovative energy delivery systems. Our infrastructure is resilient to shocks and disturbances from climate change.

OPEN AND EFFECTIVE GOVERNMENT

The City of Edmonton government is open, transparent and accountable to Edmontonians.
